SECRETARY'S REPORT

R.J.F.C gave 77 kids the chance to play football and a further 35 children in the Vickick program. Results were evenly spread with the U/10's the best performed team but as far as the U/12 + U/16 sides they never stopped trying and put in some very creditable performances throughout the season. Congratulations to all the players, parents + supporters who have made the season a successful one. To the committee who have worked so hard and our magnificent group of sponsors we say a special thank you. I hope that everyone has enjoyed 1995 in this very successful period for the club and we now look forward to a bigger + better 1996
